MANAGEMENT

MASTER 2
Entrepreneurship

Do you want to be an entrepreneur? Do you have an appetite for calculated risks? Do you want to manage your own business?

As many have done before you, seize the challenge of entrepreneurship by following a Masters course at the IAE Saint Etienne!

Building upon fundamental knowledge, combined with developing an innovative activity or creating a company, the Masters course adopts a collective and individual support process, supervised by teaching and research staff, consultants, managers and entrepreneurs.

THE ENTREPRENEURSHIP SUPPORT PROCESS ADOPTED BY THE MASTERS IN ENTREPRENEURSHIP.

- Final market analysis
- Drafting an intermediate business plan
- Business model in diagrams
- Preliminary study of the market
- Transforming an idea into a project

OUR STRENGTHS
Training is built around a partnership between several schools: the IAE in Saint Etienne, the Ecole des Mines in Saint Etienne, the Institut d’Optique Graduate School in Palaiseau and Télécom Saint Etienne.

A HIGH-LEVEL DIPLOMA WHICH AIMS TO:

- Raise awareness among participants of the issues around creating or taking over a company as well as the development of an innovative project.
- Provide the elements necessary for success to those who want to become an entrepreneur, while demystifying the concept of entrepreneurship.
- Help participants seize opportunities and prepare to manage a developing business.
- Train participants to present, defend and draft a Business Plan

National diploma: Master (60 ECTS)
- Final qualification: Bac + 5
- Length of course: 1 year
- Accessible as: Initial training
- Professional development training

TRAINING IS JOINTLY ACCREDITED BY THE UNIVERSITÉ JEAN MONNET SAINT ETIENNE AND THE UNIVERSITÉ JEAN MOULIN LYON 3.
MASTER
Entrepreneurship

Business ecosystem for the Masters in Entrepreneurship

THE MASTERS IN ENTREPRENEURSHIP takes place within a socio-economic setting consisting of institutional, voluntary sector and regional stakeholders who share a common objective: the development of an entrepreneurial culture.
